

PROFILE

Information Technology undergraduate with strong foundations in Data Structures, Object-Oriented Programming, and Computer Networks. Hands-on experience building client-server systems, multithreaded applications, and problem-solving using C, C++, and Python. Open to Software Engineering, Systems, and Data-driven roles to apply core engineering fundamentals.

EDUCATION

Jaypee Institute Of Information Technology, Noida Sector - 128 | 2024-2028

Bachelor of Technology in Information Technology

- GPA: 7.1

Bhai Parmanand Vidya Mandir | 2022-2024

Science with Maths

- CBSE 12th Exams : 92%

Amity International School,Vasundhara Sector -1 | 2010-2022

- CBSE 10th Exams : 97.6%

PROJECTS

To - Do List Application - C Language

- Developed a console-based task management system allowing users to add, update, delete, and view tasks.
- Implemented file handling for persistent storage of tasks.

Buckshot Roulette (Text-Based Game) - C++

- Built a two-player console game using OOP concepts to manage rounds, health, and bullet logic.
- Used randomization to simulate live and blank bullets, ensuring dynamic gameplay.
- Focused on modular design and smooth user interaction.

Multi-Client Chat Server (CLI) - C, TCP Sockets

- Developed a real-time multi-client chat server using C and TCP socket programming.
- Implemented server-side multithreading to manage concurrent client connections.
- Enabled real-time message broadcasting with username-based client identification.
- Built a server-controlled multiplayer Guess-the-Number game with synchronized shared state.
- Handled client connection, disconnection, and error scenarios reliably.

SKILLS

Technical

- Programming: Python, C, C++, Java, JavaScript, HTML, PHP,Node.js, REST API, Django
- Core CS Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, Software Engineering Principles, DBMS (MySQL)
- Systems & Networking: TCP/IP, Socket Programming, Client-Server Architecture, Multithreading & Concurrency
- Tools & Platforms: Git, GitHub, VS Code, Code::Blocks, AutoCAD (basic)
- Data & AI: NumPy, Pandas (learning), Fundamentals of Data Analytics, Artificial Intelligence & Machine Learning (coursework + lab)

Soft Skills

- Communication
- Problem-solving
- Teamwork
- Adaptability

ACHIEVEMENTS

- Received multiple awards for meritorious academic performance in school.
- Earned scholar badges for consistent academic excellence.
